ALUMINUM

**DYNAHAULER®**

## Truck mounted water tanks and trailers.

Our non-potable water tanks have 80-135 BBL capacities (3360-6000 gallons) and are available with many customized options. Popular options include epoxy coatings on steel, electric hose reels, and storage compartments. The tank trucks are typically used to haul brine water from natural gas sites.

## Rely on our experience.

There's no substitute for a truck body or trailer built by the experts at J&J Truck Bodies & Trailers. We don't cut corners and we don't compromise on quality. Rely on our 50+ years of experience to build you the dump trucks, trailers and tanks you want - we build to your specification and application.
