

## Custom engineered for a light duty chassis

The DynaHauler®/LDC dump truck body is designed to fit a lighter truck and comes with many ready-to-work features. These include a 10 ga. high tensile steel floor (steel body), fabricated front rear posts plus two side posts, low loading height, 24" tailgate, a cab protector and more.

## Rely on our experience

There's no substitute for a truck body built by the experts at J&J Truck Bodies & Trailers. We don't cut corners and we don't compromise on quality. Rely on our 50+ years of experience to build you the dump truck you want – we'll build it to your specification and application.
