

Stainless steel is a good choice for dump bodies that will not corrode in harsh environments.

Custom engineered for a light-duty chassis.

The DynaHauler/LDC stainless steel truck body is designed to fit a lighter truck and is an ideal choice for severe weather road maintenance and construction applications. It's durable, provides low maintenance, won't corrode, and resists staining. Stainless steel doesn't rust, so you'll get years of use out of this rugged dump body.

Rely on our experience.

There's no substitute for a truck body built by the experts at J&J Truck Bodies & Trailers. We don't cut corners and we don't compromise on quality. Rely on our 55+ years of experience to build you the dump trucks you want - we'll build them to your specification and application.
