

Medium-duty dump bodies are available in aluminum, steel, or stainless.

Custom engineered for a medium-duty chassis.

J&J's medium-duty aluminum dump bodies feature superior corrosion resistance, offer more payload, and provide greater re-sale value. They are ideally suited for municipal and commercial applications and an excellent choice for road maintenance, snow and ice control, and construction and landscaping applications. Depend on these versatile dump bodies to deliver years of hard work and reliable service.

Rely on our experience.

There's no substitute for a truck body built by the experts at J&J Truck Bodies & Trailers. We don't cut corners and we don't compromise on quality. Rely on our 60+ years of experience to build you the dump trucks you want - we'll build them to your specification and application.
